Yet in this dark - est hour still I cry to You  
Dark - ness sur - rounds me I no lon - ger am brave  
Teach me to dream of life as ec - ho of You

The light-ning breaks the night and the storm soaks me through  
For I am knee - ling here at the mouth of Your cave  
To speak in - to the dark - ness with words al - ways true

Teach me yet more pat - ience as I con - tem - plate our loss  
Pray - ing in the still - ness for Your res - sur - rec - tion true  
Lay - ing hands up - on those who cry long - ing for Your light

Of liv - ing sal - vat - ion at the foot of Your cross  
Christ live through my dark - ness and let me live in You  
To live in your im - age and to do what is right
